# INVITATION

Dear friends and colleagues,

We are happy to present to you this Supplement to the TIMM-10 Sponsor Prospectus detailing the online sponsor opportunities for the 10th Trends in Medical Mycology congress. TIMM-10 will be organised as a hybrid congress; onsite in Aberdeen, Scotland, UK and online on a virtual platform for those are not in the position to travel to Scotland.

We would like to invite you to take part in 10th Trends in Medical Mycology. TIMM has become an important and essential meeting in the field of fungal infections, a forum in which researchers and clinicians from all over the world present the most important advances and research findings in medical mycology.

We expect TIMM-10 to be at least as successful as previous TIMM Congresses, which brought together around 1,000 international delegates from all over the world. And based on experprobably we will receive even more delegates online!

TIMM-10 will enable your community to discuss, network, develop and share knowledge that is imperative for the entire global population. We have also integrated new online solutions to enable you as sponsor to showcase your latest findings and information.

Therefore, please find hereafter new online sponsorship opportunities as supplement to the onsite sponsor facilities.

TIMM-10 Executive Committee  
*Adilia Warris, Martin Hoenigl, Neil Gow, Oliver A. Cornely*
